NEVADA BOARD OF PAROLE COMMISSIONERS

Assembly Bill 236, Section 93.7 Small Business Impact Statement pursuant to NRS 233B.0608

September 30, 2019

The following statement is made pursuant to the regulatory process outlined in NRS 233B.

Before conducting a workshop on the proposed regulation, the agency must make a concerted effort to determine whether the regulation is likely to impose a direct and significant economic burden upon a small business or directly restrict the formation, operation or expansion of a small business. If the agency concludes that the proposed regulation is likely to have such an impact, it must; (1) consult with owners and officers of small businesses that are likely to be affected by the proposed regulation; (2) conduct or cause to be conducted an analysis of the likely impact of the proposed regulation on small businesses; (3) consider methods to reduce the impact of the proposed regulation on small businesses; and (4) prepare a small business impact statement and make copies of the statement available to the public not less than 15 days before the workshop conducted and the public hearing held pursuant to NRS 233B.061.

Prior to scheduling the public workshop, the Board of Parole Commissioners' (Board) staff made a concerted effort to determine whether the proposed regulation was likely to impose a direct and significant economic burden upon a small business and/or directly restrict the formation, operation or expansion of a small business.

The proposed regulations codify administrative functions related to (1) the early release from parole and the execution of the documents thereto; and (2) the administrative functions pertaining to petitions for the early release from parole. Early discharge of a person from parole does not apply to any person who is sentenced to lifetime supervision pursuant to NRS 176.0931.

Board staff considered whether any part of the proposed regulations would impact a small business, and also considered whether the regulations imposed a fee on a small business; whether a small business would be required in any way to participate in the early discharge process; or whether a small business would be impacted in any way by the early discharge from parole procedures.

The Board staff has determined that the proposed regulations would not impact small businesses as small businesses do not currently perform a function within the parole process, and therefore would not directly or indirectly experience a negative outcome if the regulations are adopted.
