**Guideline Recommendation (circle):**    Deny    Consider Factors    Parole at 1<sup>st</sup> or 2<sup>nd</sup>    Parole at Initial Eligibility

**This is this inmate's (circle one):**    First    Second    Third+    **discretionary parole hearing on this sentence.**

**Aggravating Factors (check all that apply)**

- Prior prison term did not deter future criminal activity
- Prior conviction or delinquency adjudication for a sexual offense
- Prior conviction or delinquency adjudication for a violent offense
- Repetitive similar criminal conduct
- Significant prior criminal history
- Disruptive institutional behavior
- NRS 213.1214 assessment results in a high risk to reoffend sexually
- Multiple prior parole/probation revocations
- Nature of criminal record is increasingly more serious
- Crime was targeted against a child or person at greater vulnerability because of age/disability
- Impact on community/each victim of the crime
- The extreme or abnormal nature of the crime
- Refused to participate in or terminated for cause from treatment
- Removal from correctional program for reentry or program of work release (305/184/317) on current period of incarceration
- Commission of a crime while incarcerated, on bail, escape status, eluding, or while under parole or probation supervision
- Housed in disciplinary segregation within 24 months of parole hearing
- Other aggravating factor: \_\_\_\_\_

**Mitigating Factors (check all that apply)**

- No prior/minimal criminal conviction or delinquency adjudications
- Infraction free and not in disciplinary segregation for 24 months or more prior to hearing month
- Participation in programs specific to addressing behavior that led to their incarceration
- Positive adjustment to correctional program for reentry/program of work release on current period of incarceration
- Prior successful completion of parole or probation supervision
- Stable release plans
- Detainer lodged by another jurisdiction
- Pending consecutive sentence
- Community and/or family support
- Lesser involvement than co-offenders
- NRS 213.1214 assessment results in a low risk to reoffend sexually
- Consistent in managing their mental illness as recommended by professionals (if applicable)
- Case history demonstrates remorse
- Crime was situational without evidence of intent to harm according to presentence investigation report
- Other mitigating factor: \_\_\_\_\_

**Discretionary Parole Recommendation (circle action and indicate effective date or denial length):**

**Grant Parole:**    at PED    or date \_\_\_\_\_    **Deny Parole:**    to MPR    to Next hearing date \_\_\_\_\_

**Does this action deviate from the guideline recommendation (circle):**    YES    NO

If the action deviates from the guideline recommendation, indicate any reasons other than those already indicated above:
