Re: Request to Make Public Comment at next  
Parole Board Meeting.

Dear Executive Secretary:

I wish to place into the next hearing's "Public Comment"  
regarding the Item VIII discussion of the Board policy  
to adopt the NDOC policy of non-disclosure of  
"who performed" the Static-99 Assessment, at the  
hearing of January 29 2018. The Analysis is:

1. The policy of creating a government secret of  
the name of the state agent who performs ~~it~~ test  
is offensive to the public interest and rights as follows:
  - A. NRS 437 advances regulations that oversee the  
conduct of the government and private agents who  
apply behavior analysis functions on Nevada citizens;  
how can a person ~~etc.~~ exercise rights without a name?
  - B. It appears there exists secret "Administrative  
directives" by the Board in violation of NRS  
233B.050 (b) "Make available for public inspection";
  - C. Such policy of government secrecy violates the state  
policy of NRS 225: ~~et seq~~ 250 Advisory Committee  
on Participatory Democracy. Respectfully,

cc K. Brady 555 Wright Way, AG
