

PAROLE GRANTS TO SEX OFFENDERS: (NRS 213.1214)

1. The Board shall not release on parole ~~a prisoner~~ an inmate convicted of an offense listed ~~NRS 213.1214(8)~~ in NRS 213.1214(6)(d) unless ~~a panel created pursuant to NRS 213.1214 conducts an evaluation~~ the NDOC assesses the inmate to determine the inmate's risk to reoffend in a sexual manner using a currently accepted standard of assessment and provides its results to the Board in accordance with NRS 213.1214. ~~Evaluations on applicable inmates will be conducted regardless of the sentence being served by the inmate at the time of parole consideration.~~

1. Per NRS 213.1214, the NDOC shall assess each inmate who has been convicted of a sexual offense to determine the inmate's risk to reoffend in a sexual manner using a currently accepted standard of assessment. This assessment shall be provided to the Board no sooner than 120 days before a scheduled parole hearing. The Board shall consider this assessment before determining to grant or revoke a parole of a person convicted of a sexual offense.

~~2. The Board may request an evaluation on an inmate who is not serving a sexual offense, but has been convicted of an offense listed in subsection 11(d.) of NRS 213.1214. Generally, the Board will only make a request if such an evaluation is necessary to assist in determining whether parole should be granted. (Forrest wants to strike this section, my new language is below)~~

2. The Board may request an evaluation on an inmate who ~~is not serving a sexual offense but~~ has been convicted of an offense listed in NRS 213.1214(6)(d). Generally, the Board will only make a request if such an evaluation is necessary to assist in determining whether parole should be granted.

3. If a parolee serving a sentence for an offense listed in ~~NRS 213.1214(8)~~ NRS 213.1214(6)(d) is returned to the custody of the NDOC for any reason, the prisoner may not be released again on parole unless ~~a panel created pursuant to NRS 213.1214 conducts an evaluation~~ the NDOC assesses the inmate to determine the inmate's risk to reoffend in a sexual manner using a currently accepted standard of assessment and provides its results to the Board in accordance with NRS 213.1214.
